

Use Calcium Lactate to reduce fever. Consult your health practitioner for recommended dosage.

Calcium Lactate supports absorption of calcium and magnesium.

- Supports muscle contraction and nerve conduction
- Supports maintenance and function of cell membranes and membrane permeability
- Supports blood coagulation
- Supports proper functioning of enzyme systems
- Supports and helps maintain healthy bone density and remodeling
- Highly soluble form of calcium from a nondairy source
- Contains a 5:1 ratio of calcium and magnesium
- Provides additional support for the immune system response function
- Adequate calcium as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis in later life.
- Good source of calcium and magnesium.
